Sorry, I got pulled into several non-Delta things.

Just in case you wanted something for tomorrow's federal call, here is a skeleton summary of where things stand. The actual language that was agreed to by Nepstad on the NEPA P+N, and the back and forth language from DWR on project specific and regional ledpa approach we can pull out of other documents in short order if you want them on the call.

But here's the skeleton for now:
